Submersible Effluent Pumps

1-1/2" or 2" Discharge

Flange Mounted

Features:

- 3/4" Solids-handling
- Heavy cast iron construction
- 2 vane semi-open cast iron impeller
- 416 stainless steel rotor shaft (see back for shaft material)
- Dual shaft seals
- Single float, mercury free level control
- Additional mounting clamp provided for optional switch mounting to pipe
 - Fully adjustable pumping range
- 2" FNPT threaded discharge with 1-1/2" FNPT flange provided
 - Quick-disconnect power cord - 25' length standard
- Available in automatic and manual models

**Dual Sized
Discharge**

1-1/2" or 2"

innovate. evolve.

FL100, FL150 and FL200-Series

Technical Specifications

External Construction:

Pump Volute – Gray iron casting class 25
 Pump Legs – Gray iron casting class 25
 Motor Cover – Gray iron casting class 25
 All casting shall be powder coated for corrosion resistance prior to assembly.

Motor:

Submersible 3450 RPM, oil filled and hermetically sealed. Class B insulation rating. FL100 only 17-4 PH Stainless steel. (FL150 and FL200, 416 Stainless steel rotor shaft.) Thermally protected – single phase models. Three phase models shall have overloads incorporated into the control panel, properly sized for the horsepower and amperage of the pump.

Impeller:

2 vane, semi-open design. Cast iron construction.

Dual Shaft Seals:

FL100-Series feature upper unitized carbon ceramic and lower Viton double lip.

FL150 and FL200-Series feature upper unitized silicon carbide, lower Viton double lip.

Fasteners:

All fasteners shall be 300-series stainless steel.

Power Cord:

25' length standard. Quick-disconnect design allows easy field replacement.

Level Control:

The pump shall be controlled by a wide angle mechanical float sealed in a PVC housing. The float shall have a series plug for manual by-pass operation.

A water-stop seal shall be incorporated into the cord entry to eliminate potential water wicking into the switch.

An adjustable clamp is provided for optional pipe mounting of the float.

Discharge:

2" FNPT with 1-1/2" FNPT cast iron flange provided.
