RE: Galvanized Hanger Strap

To whom it may concern:

Sioux Chief Manufacturing buys and distributes 24-gauge and 28-gauge galvanized and copper plated hanger strap from a manufacturer located in Springfield, Oregon. Metal hanger strap is commonly used to support pipes in both horizontal and vertical applications. These pipes include water supply lines, drain, vent and waste pipes, fire sprinkler supply lines and it is also used to support or anchor HVAC condensate lines.

Professional Service Industries tested this product to failure and the results are shown in the table below:

Item	Ultimate Load
24-gauge hanger strap	750 lbs.
28-gauge hanger strap	665 lbs.

Please contact me directly at (816) 779-6104, Ext. 290 if you have additional questions.

Sincerely,

Carol Flanagan
Product Group Director – Hangers & Brackets
